across 8 domains with 10-15 year forecasts,
plus 10-year history

Filter

by system, region, timeline, and currency

Visual Dashboards

with charts, Excel outputs & Forecast
Rationales

Continuously Updated

Real-time analyst-curated updates

Built for

capture teams, OEM strategists, MODs &
BD professionals

Built for What's Next

Forecast International equips leaders with the
foresight to act confidently amid disruption,
competition, and complexity.

Anticipate procurement timelines
with 15-year production forecasts

Track OEM moves, global exports
& budget shifts in real time

Identify growth-ready markets and
risk zones using country-level data

Back decisions with analyst-verified
insights—no assumptions

Buyer Benefit

- Confidence in volatile markets
- Strategic depth + planning accuracy
- Flexibility by mission set
- Proven accuracy for procurement & R&D
- Network scale + insight ecosystem
- Fast, expert-guided decisions
- Ideal for BD targeting, FMS strategy, & international expansion.

Strategic Buyer Use Cases

- **OEMs:** Align R&D with lifecycle, export potential, and regional demand.
- **Defense & MODs:** Time procurement to funding cycles and force posture.
- **Investors:** Link growth to sovereign spending and risk.
- **Suppliers & MROs:** Forecast sustainment needs and subcontracting demand.

Trusted for 50+ Years.
Built for What's Next.
